

INNOVASPACE

SPACE WITHOUT BORDERS

Kids2Mars Project

Consent for the Use of Image and Sound

All participants of the InnovaSpace Kids2Mars project gave consent to participate in the project through the signing of a Consent Form, agreeing to have their images and sound recordings broadcast in the media, presented at scientific meetings and lectures, and/or published. The form was signed by a parent or legal guardian for those participants under the age of 18 years. Participants (or their legal guardians) retain the right to have their images and sound recordings removed from the project at their request.
